Council Proceedings.

FRIDAY, NOV. 3, 1893.

The President and all the members of the council were present.

The minutes of the last meeting were read and approved.

The Mayor turned over all the correspondence in his hands in relation to the sale of the St. Clair street bridge bonds, to W. N. Harris, of Chicago, and asked that the same be filed away.

One hundred from the Midland coupons bonds, representing the interest, they having been paid, and the chairman of the finance committee was instructed to destroy them, which he did in the presence of the council.

Petition of America Wooldridge, asking a rebate of taxes paid twice on her property. The clerk was directed to draw his warrant for same.

The bond of the Street Railway Company was approved, and filed away.

The street committee were requested to ascertain what had been done by the City Engineer in relation to the repairs ordered on Wilkinson street ordered to be made by the Street Railway Company, and to order them to repair crossings they had torn up. The report to be made to the council at its meeting Monday night.

The election ordinance was then taken up and finished.

The salary of the Tax Collector was determined by the following per centages, viz:

On collections of taxes 1st month, 1 per cent.; on taxes 2d month, 1 per cent without a penalty being added, on collections 3d month, 1 per cent. and a penalty of 1 per cent., which goes to the Collector; on collections 4th month, 2 per cent. penalty, which goes to the Collector. On all months after 4th month, 5 per cent. penalty, all of which goes to the Collector. After 90 days from the time the books go into his hands, 33 1/3 per cent., with a penalty of 25 per cent. on the poll taxes, where people have no real estate. The report of the committee was adopted.

Mr. Miles, from the workhouse committee, reported that the salary of the Marshal shall be \$50 per month, with the addition of all fees to which he shall be entitled. The report was received and adopted.

The ordinance, as a whole, was then adopted.

Mr. Gray then reported that a telegram had been received announcing that the River and Harbor Committee of Congress would arrive in this city next Friday, and moved that a committee of the council be appointed to act in conjunction with the citizen's committee. Adopted. The following gentlemen embrace the committee: Gray, Ellwanger, McClure, Mayor Tobin and Chairman Milam.

The council then adjourned until to-morrow night.

SATURDAY, November 4, '93.

President Milam and all the members of the council except

Councilmen Ellwanger and Watson present.

The election ordinance was read a second time and passed.

A telegram was received from Prof. Nelson stating that his agent at Cleveland had wired him that work on the iron for the new bridge was progressing very rapidly.

A letter was also received by Mayor Tobin from the King Bridge Company, which stated that they would push their work as rapidly as possible, and hoping that the council would bear with them.

Some six or eight bids were received for building the pavements on Wilkinson, Mero and the South Side. The bids were opened but further action was deferred until Wednesday night, when the work will be let. The bids were referred to the street committee and engineer, who are to report at that time.

The council then adjourned until Wednesday night.

WEDNESDAY, NOV. 8, '93.

President Milam and all the councilmen were present.

The reading of the minutes of the last meeting were dispensed with.

Petition of Wm. P. Willis, asking rebate on taxes, was refused.

The bids for curbing, guttering and paving on Wilkinson streets were then taken up, and, the city engineer having made estimates on them, the contract was awarded to Pat Noonan, and the city attorney was instructed to draw up contract with Mr. Noonan for the faithful performance of his work. He was given until next Tuesday to file his bond. In case he failed to file bond by that time, the work was to be let to the next lowest bidder. Yeas 6, nays 0. The work is to be completed in six weeks from the time it is commenced.

Mr. Ellwanger offered a resolution fixing the salary of Mayor Tobin at the rate of \$1,000 a year, from June 14, to the time his term expires. Yeas 6, nays 0.

The city engineer, under directions of the street committee, presented a diagram of the work, with specifications for the improvements on Second street, from the corner of Bridge to Judge Drane's line. The estimate furnished contemplates an expenditure of \$1,600, which is very low for the improvement to the city's property.

Mr. Gray moved that the work be done, and the motion was adopted unanimously by the council.

Dr. James, the President of the Health Board, appeared before the council and recommended that they order all our people vaccinated, and that a sufficient number of physicians be employed to do the work quickly and thoroughly.

The matter was referred to the health committee to report back to the next meeting.

Mr. Swigert moved that when the council adjourn it be to meet again to-morrow night.

The council then went into executive session.

THURSDAY, NOV. 9, '93.

President Milam and all the members of the council except James N. Miles were present.

The reading of the minutes of the last meeting was dispensed with.

A telegram was received by Mayor Tobin from Prof. Nelson stating that the shipment of the iron for the St. Clair street bridge was about ready to commence, and asking that all talk in relation to postponement be silenced.

The resolution making Mayor Tobin's salary at the rate of \$1,000 per year from June 14 to the expiration of his term, was read a second time and unanimously adopted.

The ordinance in relation to the improvement of Second street, was read a second time and adopted.

Mr. Furr offered an ordinance governing contested election cases.

A committee composed of Col. J. W. Pruett, D. M. Woodson and Capt. Ed. Drane, from the citizens meeting at the court-house, appeared before the council and asked the concurrence of the committee of the council in making arrangements for the reception of the River and Harbor Committee.

The joint committees were to meet in the council chamber Friday morning at 8:30 o'clock, to make final arrangements.

Mr. Gray then moved the previous question on the ordinance presented by Mr. Furr. The vote being taken it resulted: yeas, 6; nays, 2.

The council then adjourned to meet again Friday evening at 7 o'clock.

Good-bye, George.

Mr. George B. Hunt, who for the past three years has been a valued employe of the Farmers Bank of this city, left for his old home in Mississippi Wednesday afternoon. After a visit of a few days to relatives at Greenville he takes the train for San Francisco and sails from the Golden Gate City for Hong Kong, China.

Mr. Hunt will be private secretary to his father, who is the American Consul at that place. He is a very bright young man and should make an excellent secretary. During his stay in this city George was pet of the town, everyone he met being his friend. A large crowd was at the depot to bid him farewell, and many a tear was shed from the eyes of both sexes, there being quite a number of young ladies in the crowd, and George bid them good-bye in true Kentucky style.

An Old Favorite.

Cora Van Tassel, who with her company played several engagements in this city, and was quite a favorite here, is now playing in the smaller towns in the central part of the State.

Mr. W. M. Terry, who has been in the drug business at Elkton, Ky., for the past twelve years, says: Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold. There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough. For sale by J. W. Gayle.

ABSOLUTELY PURE

Too Handy With Guns.

Jim Wilson, a drunken negro, went into a grocery down in the lower end of the city Sunday morning, and becoming noisy the proprietor asked two other colored men to take him away. Lucian Morton, one of the men, took Wilson by the arm, led him across the street and was turning to leave him when Wilson drew a pistol and shot at Morton, the ball grazing his coat sleeve.

Tuesday afternoon about 1 o'clock, Mose Love and Dick Ritchie, two young negroes, got into a difficulty at the corner of Clinton and Washington streets, when both pulled their pistols and began shooting at each other. Ten shots were fired, but strange to say, only one of the participants in the fight received a slight wound and none of the by-standers were hit.

All of the above parties were arrested and lodged in jail.

Far and Wide.

Not on this broad continent alone, but in material breeding tropical regions, in Guatemala, Mexico, South America, the isthmus of Panama and elsewhere, Hostetter's Stomach Bitters affords to inhabitants and sojourners protection against malaria. The milder, the fresher arrived immigrant, the tiler of the virgin soil newly subdued by the use of the pioneer, find in the superb anti-febrile specific a preserver against the poisonous miasma which in various climates, in various seasons, is yet fertile in diseases. It multiplies discharges of the stomach, liver and bowels, fortifies those who use it against malarial affections, breeds and fosters by outdoor exposure, infuses solid warmth into a frame chilled by rigorous temperature, and robs of their power to harm mornings and evening mists and malarial fevers with hurtfulness; strengthens the weak and conquers inefficient kidney trouble.

A Noted Racer Dead.

Longfellow, Mr. Frank Harper's noted race horse and sire of numerous fine racers, died at the home of his owner, near Midway, Sunday night, from an attack of colic, aged 26 years. His net ran 4,312 races and won \$1,059,774.

They're the original Liver Pills, the smallest, easiest and best to take—and they're the cheapest, for they're guaranteed to give satisfaction, or your money is returned. You pay only for the good you get. This is true only of Dr. Pierce's medicine. A perfect vest-pocket remedy, in small vials, and only one necessary for a dose.

THE ELECTION

Results in a Tangle Which Makes It Uncertain

Who Will Govern the City for the Next Two Years.

The regular annual election came off Tuesday, and all day, until after six o'clock in the evening, the city was almost as quiet as on Sunday. At the polls the workers were busy, running too and fro, getting out the vote, but everything was good humored, except that a slight disturbance occurred at the Gas House precinct early in the morning.

While the three parties—Democratic, Republican and Populists—had candidates in the field for Senator and the Democrats and Populists had candidates for Representative, their races were lost sight of in the interest taken in the election of city officers, both the Democratic and Republican parties having nominated candidates for all the offices to be filled, from Mayor down. When the votes were counted out it was found that Judge Ira Julian, the Democratic candidate for Mayor, had received majorities in all of the precincts except Vogler's and the Gas House. These two precincts gave Mr. Berberich, the Republican candidate, majorities sufficient to overgo Judge Julian's vote in the other precincts and elect him by a small majority, but while the vote was being counted in the Gas House precinct a squabble arose between the officers of the election which resulted in all the ballots being crammed into the box, which was taken possession of by the Democratic sheriff of the election and carried to the County Clerk's office. A large crowd immediately assembled and every body began to give their ideas as to the law in the case, but no agreement could be arrived at, and County Clerk Smith took the box home with him that night.

He continued in charge of the same until Thursday, when the board, consisting of County Judge B. G. Williams, Sheriff R. D. Armstrong and County Clerk N. B. Smith met to canvass the vote. The question having been raised that the election officers at the Gas House precinct had surrendered the ballot box to the County Clerk and adjourned, no one could legally count the ballots, both the candidates for Mayor were represented at the meeting of the board by counsel—Judge Julian by Senator Wm. Lindsey and Mr. Berberich by Gen. D.

W. Lindsey, John Rodman, Esq., and Judge W. H. Sneed. After hearing the argument of counsel on both sides the board adjourned to meet again yesterday. When the board met yesterday they announced their decision not to count the vote cast at the Gas House, and Mr. Berberich immediately entered his protest and will fight the matter in the courts.

The board then proceeded to canvass the vote of the uncontested precincts, and the annexed table is the result in the city.

The election of the councilmen, who are shown to have majorities in the above table will be contested also and the whole matter will doubtless go into the courts. It is very unfortunate for the city that the tangle should have occurred just at this time, when the old town was beginning to move forward and everything looked bright for her to become a live, prosperous and go ahead city.

BELLEPOINT.

Great interest was taken in the election of town officers and the contest was warm and spirited,

resulting in the selection of the following gentlemen:

Police Judge—J. N. Crutcher.
Marshal—T. D. Hale.
Councilmen—W. L. Owens, S. T. Pence, James Arnold and W. M. Smith. For the fifth place Messrs. John W. Cox, Carter Hale and J. W. Gilpin tied. The tie was decided by the selection of Mr.

If given freely as soon as the croupy cough appears it will prevent the attack. It is the sole reliance with thousands of mothers who have croupy children, and never disappoints them. There is no danger in giving this Remedy in large and frequent doses, as it contains nothing injurious. 50 cent bottles for sale by J. W. Gayle.

FRANKFORT, NOVEMBER 11, 1898.

Mass Meeting.

At a meeting of the citizens of Frankfort, Ky., held at the court house on the evening of Nov. 8th, 1893, Judge Hord presiding, W. M. Franklin was elected Secretary.

Mr. D. M. Woodson moved that a committee be appointed to act in conjunction with the committee appointed by the Board of Councilmen of the City of Frankfort, in the matter of meeting and entertaining the River and Harbor Committee of our National Congress upon their arrival and during their stay in Frankfort.

Thereupon the following names were suggested to constitute the committee: Lewis E. Harvie, W. H. Murray, D. M. Woodson, C. F. Exum, Judge L. Hord, Judge W. H. Sneed, Campbell Steele, Pat McDonald, T. B. Ford, Hugh Rodman, Geo. A. Lewis, J. M. Saffell, Thos. Hutchison, Capt. Ed. Drane, Capt. Sam Sanders, Hon. Wm. Lindsay, Judge Ira Julian, V. Berberich, Ben Marshall, James Harrod, P. D. Arnold, Dr. A. Duval and all other citizens feeling a lively interest in the improvement of the Kentucky river, and the welfare and prosperity of the city of Frankfort.

It was then resolved that the city papers be requested to publish the minutes of the meeting, and, on motion of C. F. Exum, the meeting adjourned.

LYSANDER HORD, Chm'n.

Jane at the Opera House.

A large and fashionable audience greeted Miss Kitty Cheatham at the Opera House on Monday evening, on which occasion she appeared as Jane. The play was preceded with a bright little curtain raiser, entitled Chums. It contained four characters, which Miss Maud White and Miss Lizette Le Baron, Mr. Fred W. Strong and Mr. Seymour G. Hess interpreted and executed admirably.

Jane is the well known light comedy in three acts, which has undergone revision for Miss Cheatham. It is exceedingly laughable, and will be remembered as one of the most pleasing performances seen here this year.

Miss Cheatham's interpretation of the character of an English waiting maid displays very careful study, and her acting throughout was exceedingly clever. The audience quite fell in love with her.

Mr. Robert Cotton, as William, the English servant, was a remarkably good piece of acting.

Equally as good, however, was Mr. Fred Hight, as Mr. Kershaw, and then Miss Lizette Le Baron, as Mrs. Chadwick, also deserves especial mention.

Taken as a whole, the company was first class and deserving of good audiences wherever they go.

There were two box parties present on the occasion. The right-hand box being occupied by Gov. John Young Brown, wife and daughters, Misses Susan and Birdie, and Miss Kate Green and Mr. Henry Ware. That on the left was occupied by Misses Evelyn Brown, Rose Crittenden and Minnie VanDerveer and Messrs. John Rodman, Ed. Stanton and Gilbert Mastin.

Thanksgiving Proclamation.

The President issued the following proclamation Friday:

By the President of the United States of America. Proclamation:

While the American people should every day remember with praise and thanksgiving the divine goodness and mercy which have followed them since their beginning as a nation, it is fitting that one day in each year should be especially devoted to the contemplation of the blessings we have received from the hands of God and to grateful acknowledgment of His loving kindness.

Therefore, I, Grover Cleveland, President of the United States, do hereby designate and set apart Thursday, the 30th day of the present month of November, as a day of thanksgiving and praise to be kept by all people in our land. On that day let us forgo our ordinary work and employments and assemble in our usual places of worship, where we may recall all that God has done for us, and where, from grateful hearts, our united tribute of praise and song may reach the Throne of Grace. Let reunion of kindred and the social meeting of friends lend cheer and enjoyment to duty and let generous gifts of charity for the relief of the poor and needy prove the sincerity of our thanksgiving.

GROVER CLEVELAND.

A Great Benefactor.

"Educators are certainly the greatest benefactors of the race, and after reading Dr. Franklin Miles' popular works, we cannot help declaring him to be among the most entertaining and educating of authors."—New York Daily. He is not a stranger to our readers, as his advertisements appear in our columns in every issue, calling attention to the fact that this elegant work on Nervous and Heart Disease is distributed free by our enterprising druggist, J. W. Gayle. Trial bottles of Dr. Miles' Nervine are given away also a book of testimonials showing that it is unequalled for nervous prostration, headache, poor memory, dizziness, sleeplessness, neuralgia, hysteria, fits, epilepsy.

Rev. Colgrove preached to a large and appreciative audience at the Harvieland school-house last Friday night.

Mr. Warren Edlington, of Shelbyville, who has been visiting Mr. W. M. Penn, returned home Tuesday.

The elections are now over until next November, yet we hear of a few parties who will probably be candidates at that time. Among them is Mr. Wm. Smith, of Belle-

point, who would not object to being made constable for this district. Well all we have to say is that in case he is elected he will make a prompt, honest and reliable officer. We also notice in the papers that Dan Moore is a candidate to succeed himself as magistrate. Old Dan has been a long time a member of the County Court, and we recognize him as one of the ablest and most reliable members of that body. For County Judge we hear the name of Pat McDonald mentioned often.

As regards his claims we will say he is able, experienced and of fine presence, affable yet firm, combining all necessary requirements to fit him for the position. As the thing now stands we are for him.

Filley, Salisbury, Vt., writes: "We cannot live without it; it relieves my sister of asthma at once; it cures a burn or a hurt of any kind almost instantly." Under date of May 30, 1893, R. H. The Wrong Kind.

Election Officers who, when the law governing elections is read to them and they are urged to go by it, will say that they do not "give a d—n for the law" are not the kind of men the law-abiding people of this city want to handle their ballots after they have cast their votes. Honest men, who do not forget the oath they are required to take to support the law as soon as it is read to them are the ones who should conduct the elections here.

Manual Training.

Training implies a superior power in the one who trains to that possessed by the being which is under a course of training. The superior power is the human will. It is the human will which directs the growth of the ornamental evergreen, which produces the beautiful cultivated flower, which assumes control of the animal's activity or which brings the hand into subjection.

But this subjection of the hand is not that of slavery, on the contrary it is a conciliation of friends, the mental and physical activities in harmonious co-operation. Did you ever seriously consider that it is to the human hand we are indebted for all the visible results of civilization? The human hand is the most wonderful instrument in the world. It is the complement of the human mind in all its dealings with matter. It carves the beautiful statue, paints the rich picture, builds the majestic ship, constructs the railroad and the machine which lightens labor, and in a thousand ways enables the mind to attain its ideals. Manual power was a most potent factor in elevating from their lowly positions such men as Franklin, Fulton, Edison, Lincoln, Agassiz and hosts of others.

Training also implies that the thing trained possesses an inherent force which is directed in its effort. This is life force, implanted by the Creator. No inanimate being can be trained. Man's powers are superior to the power of the plant or of the animal, otherwise he could not assume dominion over nature which the Creator intended him to assume.

The human will man fests itself in two ways, it chooses and it acts. Choice always precedes action. If choice is stimulated by the desire for the highest good the act is praiseworthy, and vice versa. Manual training offers to the pupil the opportunity to gain a mastery over matter. It enables him while yet young in years to realize the superiority of mind to matter. He becomes able to direct his own efforts in a degree far beyond that offered by the other branches of study. His field of vision is widened and the broadened view cheers him for past exertions and inspires him to renewed efforts in subjugating nature. The area of his dominion is extended not only over external matter, but also over his inner self. He discovers himself as a factor in production and learns of his importance in the brotherhood of man. He accomplishes praiseworthy results because he has exerted himself in attaining a high ideal. His exertions are preceded by the choice of the right rather than the wrong. His choice of the right is founded on the desire for the highest good.

The will is a power of the mind. The mind directs the simplest action of the muscles of the body. Since the muscles are obedient to the will power only it necessarily follows that any designed movement implies the previous intelligence of the mind. Therefore, to

teach a human being to perform the most elementary mechanical action, it is essential that the mind shall intelligently comprehend the purpose intended and exercise choice before the physical effort is made. Manual training supplies this condition through the instruction, the information, the cautions and the examples given by the teacher, and by the preparation of a working drawing made by the pupil. In its very inception the act of the pupil is directed intelligently by himself.

Intelligent action places one on a high social plane. Unintelligent labor is the substratum of society.

Deaths.

SMITH—Mrs. Thaddeus Smith died as the home of her husband on Pellee Island, Canada, on Friday of last week and the remains were interred in the Lexington Cemetery Monday. The deceased was a sister of Mr. John E. Miles, of this city.

In a notice of her death the Midway Clipper of this week says:

She was educated and graduated with honors at the celebrated Mrs. Nold's school, then at Frankfort. She was married to Mr. Thaddeus Smith near this place in 1850 and lived here until 1867, when they moved to Pellee Island, where she had many friends and relatives in Central Kentucky who have enjoyed her hospitality in her beautiful island home, and the announcement of her death will be received by them with sincere regret. She was sixty-two years of age.

She leaves a husband and two daughters to mourn her loss, in which bereavement they have the sympathy of a legion of friends here and elsewhere.

MORRIS—Mrs. Ann Morris died Thursday morning at her home on Second street, after an illness of several weeks, aged 67 years, and with her last breath the soul of one of the kindest, most generous hearted and noblest of women winged its flight to the glorious beyond. She was the widow of the late Dr. William Morris and leaves five children, viz: Messrs. Richard and Will S. and Miss Emma Morris, of this city, and Messrs. Pen. and John H. Morris, of Louisville, to mourn her loss.

She was born and raised near this city, but after her marriage removed to the county, near Peak's Mill, where most of her life was spent, and where she endeared herself to the entire neighborhood by acts of kindness and neighborly attentions. Upon the death of her husband, some four or five years ago, she came to this city to reside. Being of a light-hearted, happy disposition she was loved by all, both young and old, and when it was known that she was critically ill there was a constant stream of sad-faced callers at her door to learn of her condition. No one had more friends than she and her death is universally lamented.

The funeral took place yesterday morning at 10 o'clock from the Christian Church and the remains were laid to rest by the side of her husband at the old home place on the Peaks Mill pike.

During the funeral services Miss Anita Muldoon, of Louisville, sang a beautiful solo, "Abide with Me," so softly and sweetly as to touch every heart in the house.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Buckley's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. For sale by

Rabbits are very numerous, and since the expiration of the law, suffer greatly from the ravages of both gun and dog.

Our climate is unusually healthy just now; we have not one to report for the sick list this week.

Jolly times ahead. Winter sports are coming. Turkey shooting, dances, gum sucks, &c., will be among the leading pastimes.

There seems to be but little interest taken in our elections, everyone is looking to Ohio for surprises. We Democrats feel quite hopeful that Maj. McKinley will be defeated. While our Republican friends predict dire disaster for us. We shall see what we shall see.

For some cause, to us unknown, the Populist rally at Jetts on Saturday of last week proved a failure, but since that party never did do anything, never will do anything, never can do anything, and is utterly incapable of doing anything the public will suffer no loss in consequence of the failure.

A gentleman recently visiting this neighborhood remarked that we had more pretty girls to the square inch than any county it had been his good fortune to visit, and were thoroughly convinced of his good judgment when he mentioned Misses Sallie Jones, Saddle Smith and Lottie Johnson as the most transcendently beautiful trio within the scope of his knowledge.

FOOT BALL.
We are Not in It With Georgetown.

Our boys may be good kickers in some respects, but are not in it with our neighboring cities when they come to kick at a ball. The foot ball team from this city went to Georgetown Tuesday and played a game with the Georgetown College team, which resulted in a victory for the college boys by a score of 28 to 0. Two of Frankfort's best players were injured early in the game and had to withdraw.

The Teacher's Association of the Second District will convene in this town next Saturday, November 18th, at 10 o'clock. A suitable programme has been arranged for the occasion which will be fully carried out, insuring a profitable and pleasant time to all who may attend. Again we call attention to the fact that the law makes it compulsory on the part of the teachers composing the district to attend. The following are the schools composing said second district: Nos. 1, 3, 5, 9, 11, 37, 44 and 45. Teachers of other districts are cordially invited to be present and assist us in the effort for the advancement of knowledge in our midst. The citizens of our town and vicinity are earnestly requested to be present and co-operate with us in this good work.

THE BEST PLASTER.—Dampen a piece of flannel with Chamberlain's Pain Balm and bind it over the seat of pain. It is better than any plaster. When the lungs are sore such an application on the chest and another on the back, between the shoulder blades, will often prevent pneumonia. There is nothing so good for a lame back or a pain in the side. A sore throat can nearly always be cured in one night by applying a flannel bandage dampened with Pain Balm. 50 cent bottles for sale by J. W. Gayle.

CRUTCHER & STARKS!

Frankfort and Louisville.

Pea Ridge.

Weather pleasant.

Hickory and walnuts plentiful. Mrs. J. Graves and children, of Shelby county, are visiting her parents, Mr. and Mrs. W. Tracy.

While the ROUNDABOUT does not claim to be a comic paper, it furnishes its readers with occasional bright flashes of wit, for in commenting on the Mason Foard Co. machinery being moved back into the prison for the chair factory the ROUNDABOUT says: "There is no reason that the State should not make money out of it."

Mr. Wilton Pierce, of Pleasant Ridge, is visiting relatives here.

One year ago quite a number of our people were employed in Frankfort in various occupations, but this year our people find the town dull and quite a number of Frankfort workmen are working in this part of the country.

Quite a number of land owners have their land posted and warning hunters and trespassers to keep off their premises. Hunters have themselves to blame for this, on account of their reckless firing and insolence when asked to go further from the house. If they would hunt in the fields and woods instead of among the poultry none would object to hunters.

Mr. Sam. Tracy is hauling hay to Frankfort.

Mr. James Tracy is making clapboards at Fleetwood.

Mr. Doc Tracy has raised some of the finest turnips in this section and some very large radishes from this year's seed.

Home and School, a bright, newsy, educational paper, says: "Always be glad when your school is talked about, people are taking an interest in educational matter." The gladdest people to-day live on Pea Ridge.

Mr. W. M. Crutcher has made arrangements for a patent on a

"perpetual p-per currency," which, if adopted, would make panics, failings and hard times impossible. As this currency costs nothing and can be made as fast as printing presses allow, no person need be without money.

Mr. Will Tracy has surrounded his farm with a neat substantial fence.

Rumor has it that a paper is being circulated for signatures preferring charges against two of the trustees. As the two trustees named have bought material and made some necessary repairs on the school-house, besides furnishing coal to run the school without costing pupil or patron one cent, the intelligent reader will readily see what the charges amount to.

Mr. Watson, of Shelby county, is visiting on the Ridge.

Help is Wanted.

by the women who are ailing and suffering or weak and exhausted. And, to every such woman, help is guaranteed by Dr. Pierce's Favorite Prescription. For young girls just entering womanhood; women at the critical "change of life;" women approaching confinement; nursing mothers; and every woman who is "run down" or overworked. It is a medicine that builds up, strengthens, and regulates, no matter what the condition of the system.

It's an invigorating, restorative tonic, a soothing and bracing nerve and the only guaranteed remedy for "female complaints" and weakness. In bearing-down sensations, periodical pains, ulceration, inflammation, and every kindred ailment, if it ever fails to benefit or cure, you have your money back.

Dr. Hale's Household Ointment.

Is the finest remedy in the world. It absolutely cures catarrh. It cures Neuralgia and Rheumatism. Cures Piles like magic. Cures Salt Rheum in the most soothing manner. Cures Inflamed and Granulated Eyelids. Cures Coughs and Colds. Can be taken internally. A positive specific for pneumonia. Cuts, Bruises, Burns, Chilblains. Sores of long standing. Corns and Bunions are cured quickly; different from all else; superior to all else; it has no equal, 25 and 50c boxes. Large size cheapest. Sold at CARPENTER'S drug store.

Strong Witnesses.

Among the thousands of testimonials of cures by Dr. Miller's New Heart Cure, is that of Nathan Allen, a well-known citizen of Glen Rock, Pa., who for years had soreness of shoulders, smothering spells, etc. One bottle of Dr. Miller's New Heart Cure and one box of Heart and Liver Pills, cured him. Peter Jaquet, Balton, N. J., is another witness, who twenty years suffered with Heart Disease, was pronounced incurable by physicians, death stared him in the face, could not lie down for fear of smothering to death. Immediately after using the New Heart Cure he felt better and could lie down and sleep all night, and is now a well man. The New Heart Cure is sold, also a free book, by J. W. Gayle.
